Different sizes to match your needs!

Straight and curved shapes (3 different curves) in various widths.

Height: 94 1/4" and 125 3/16"

Add storage space

The modules that are used for building the storage can be connected to all the Expand GrandFabric wall modules - or be used separately as stand-alone backwalls. This gives you even more configurations to use for future events. Great way to add storage for your items at any event

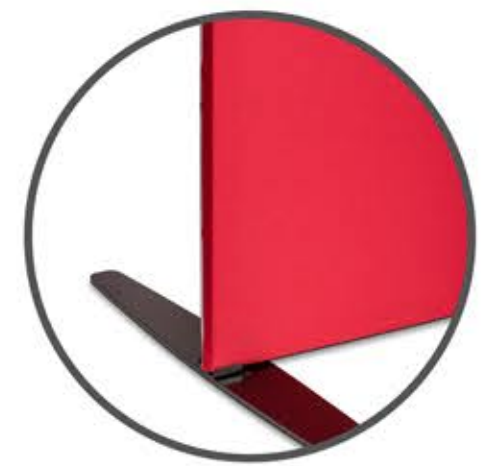

Add a monitor to display any additional digital content

Add a monitor holder onto the wall to easily show a digital presentation or commercial while communicating your brand on the wall. Comes with extra long feet to ensure stability.
